University College Freiburg is seeking to hire

2 Tutors for "Introductory Statistics"

[Wissenschaftliche Hilfskraft für "Einführung in die Statistik"]

23 hours/month, April 15th – July 31th 2019 (3 ½ months)

University College Freiburg (UCF) promotes and administers unique international and interdisciplinary teaching activities at the University, including the English-language B.A./B.Sc. program in Liberal Arts and Sciences (LAS).

UCF is seeking to hire two tutors to support the LAS introductory statistics course "Dealing with Numerical Information" in summer semester 2019.

Primary responsibilities will include
- supervising two weekly tutorial groups (Friday 8-10h and 10-12h).
- correcting exercise sheets.
- assisting during the examination process and for correction of exams (week of July 22-26).

Candidates must
- have a B.A./B.Sc. degree (recognized in Germany) or being shortly before completing it
- be familiar with the theoretical background and application of basic descriptive and inference statistics (e.g. data illustration, correlation, regression, parametric and non-parametric test statistics).
- be able to teach basic procedures in the statistics package R to beginners.
- have excellent English skills (the language of teaching is English).
- be a reliable colleague.

Applications should include a cover letter, a short C.V. including teaching experience (if any). Please send your application as a single PDF file to sebastian.gehart@ucf.uni-freiburg.de **by February 24th, 2019.**

For more information about the position, contact Dr. Sebastian Gehart by email (sebastian.gehart@ucf.uni-freiburg.de).

For more information about UCF and LAS see www.ucf.uni-freiburg.de.
