Liberal Arts and Sciences – Short Facts
Bachelor of Arts / Bachelor of Sciences
University of Freiburg

- Over 560 years of excellence in research and teaching
- 11 faculties, 400 full professors, 6,400 researchers, and 25,000 students
- Member of EUCOR – The European Campus that includes 5 universities in France, Switzerland, and Germany.

University College Freiburg

- UCF was founded in 2012 as an interfaculty center for international, interdisciplinary, and innovative teaching.
- Houses the Bachelor program Liberal Arts and Sciences.
- UCF professors and lecturers, teaching fellows from the University and beyond, and students form an intellectual community.

Liberal Arts and Sciences Bachelor Program (LAS)

- LAS is an English-taught, 4-year B.A. / B.Sc. program. It extends across academic fields and offers specialized discipline-oriented training in one specific Major:
  1. Earth and Environmental Sciences
  2. Life Sciences
  3. Governance
  4. Culture and History
- The Core includes reflections on knowledge and science, courses in responsibility and leadership, as well as key academic skills.
- The Electives give you the freedom to shape your personal study profile through courses from the University and EUCOR, independent projects, and study abroad.
Student Life

- More than 25% of our 300 students are international, from more than 40 countries.
- Become part of our close-knit international and academic community with many student activities in and beyond the classroom.
- The Green City Freiburg is known for its vibrant student scene and its attractive recreational offerings on the edge of the Black Forest.

Learning Environment

- As an LAS student, you benefit from the excellent learning environment of both UCF and the university.
- Enjoy small-group teaching formats within an engaged learning community.
- LAS students learn and become involved in research in an interdisciplinary and problem-oriented manner right from the beginning.

Is LAS the Right Program for You?

Are you looking for intellectual freedom in your academic training? You want to broaden your horizon and specialize in one specific field? You value intellectual creativity and exchange? You are ready to take on responsibility for developing your academic profile? If, on top of that, you enjoy an international, hard-working, and inspiring environment, LAS is probably for you!

Application and Admissions

- LAS is a selective program with an annual intake of about 80 students. The application period is June 1 – July 15.
- Selection is based on academic achievements and personal motivation.
- Curious? Find out more during our Open Days in spring and visit our website: www.ucf.uni-freiburg.de.
"In our highly dynamic and complex society, we need people who have learned to think and act in a comprehensive and lateral way. UCF provides the necessary space for such training."
Prof. Dr. Sabine Rollberg (UCF Advisory Board Member)
