# LAS Graduation Ceremony | October 14, 2017

Albert-Ludwigs-Universität Freiburg

UNI  
FREIBURG

**The University of Freiburg and University College Freiburg are delighted to announce and celebrate the second Liberal Arts and Sciences Graduation Ceremony.**

Dear Graduates,

Over the past years, you were learning, working, enjoying Freiburg, and developing as young academics and as individuals. As LAS students, you learned about the foundations of knowledge, science, and academic inquiry. You chose your LAS Major, maybe spent time abroad, and got to know the breadth and fascination of academia of the University of Freiburg. Throughout such a crucial phase of your lives, you displayed openness, curiosity, and engagement – for yourselves, at UCF, and beyond.

Now, you are ready for graduation and your next destinations. We congratulate you and wish you all the best for your future!
